## CAUSE OF DELAY ABROAD SHOWN

Lack of Tonnage and Faulty Materials Hinder Pershing's Work In France

### REPORT ON DEFICIENCY BILL

Testimony Reveals Many Supplies Sent Abroad Are Useless—Bill Carries Over Billion

(By United Press.)

Washington, Feb. 14.—Lack of tonnage, shipment of faulty materials and congestion in supply stations in France has delayed the work of General Pershing, according to the testimony made today with the house report on the deficiency bill. The bill carries more than \$1,107,000,000.

The testimony revealed: Twenty thousand gas masks after reaching France were found faulty and discarded and British masks borrowed.

A large shipment of tilings for docks were found useless.

Hospital cars not forthcoming from this country were procured from England.

Pershing is pleading for more cars, locomotives, depot and railroad materials and for engineer regiments.

A. Mitchell Palmer, custodian of property owned by alien enemies, testified that the profits under the present system are being saved for the Germans until after the war. He asked that they be taken away from the kaiser's friends.

See Lansing said the American dollar is worth only 75c in certain parts of South America.

Six million dollars is needed to purchase seed for farmers if food production is to be increased, according to Hoover.

An appropriation of \$100,000,000 was made to increase terminal facilities along the Atlantic coast.

## ACCURATE BARRAGE FIRED BY YANKEES

American Artillery Played Spectacular Role in Attack on Champagne Region Yesterday

### RUIN GERMAN TRENCHES

(By United Press.)

French Armies in the Field, Feb. 14.—American artillery played a spectacular role in the attack in the Champagne region yesterday.

The Yankee gunners with unerring accuracy laid down a barrage cutting off the Germans from their communication.

Later, the American artillery encircled the advancing French infantry with a protecting fire. This curtain was maintained for some time to aid the French in establishing their newly won position.

The American battery effectively destroyed German trenches and fortifications.

The artillery separation for the French attack which penetrated to the third German line lasted more than 6 hours. The Yankee gunners were working like beavers all this time.

The announcement indicates that American artillery is operating at other points than that sector held by Pershing forces.

### 10-YEAR-OLD GIRL DIES

Mary Young, the ten-year-old daughter of Mr. and Mrs. Alvan Young of Richland township died yesterday morning at the home of her parents following a six months illness from tuberculosis. The funeral services will be conducted tomorrow.

## IS CHARGED WITH INCEST

Burn Stevens Held Under \$2,500 Bond For Serious Offense

Burn Stevens, a furniture factory worker, has been arrested for committing an offense against his daughter, May, who is not yet seventeen years of age, and today a charge of incest was placed against him in circuit courts. Judge Sparks fixed his bond at \$2,500. Stevens was arrested by Policeman Yakey yesterday afternoon and the revolting story was told to the prosecutor and mayor by the young girl. The case was then placed in the circuit court. Stevens has a wife and two grown sons.

## DAMAGE SUIT DUE TO ACCIDENT BEGINS

First Evidence in Case of William Bunsendahl Against Duke and Nesbitt Heard

### ALL MORNING TO GET A JURY

#### Suit is Compromised

The case of William Bunsendahl against Walter Duke and Raymond Nesbitt was compromised in circuit court at 3.30 this afternoon and dismissed.

The first evidence in the case of William Bunsendahl, Fayette county farmer, against Walter Duke of this city and Raymond Nesbitt of Ft. Thomas, Ky., formerly of Glenwood, for \$1,000 damages as the result of an accident April 19, 1917, east of Glenwood, when Duke's machine ran into Bunsendahl's buggy, was introduced in circuit court this afternoon after the whole morning had been spent in impaneling a jury.

Each side claims that the accident was due to the other's negligence. Chauncey Duncan represents the defendants and L. L. Broadus of Connersville is attorney for the plaintiff. The jury hearing the case is composed of the following men:

Marshall Dearing, N. I. Price, Lewis J. Cline, A. C. Lee, Ben F. McFarlan, Alonzo Innis, Lloyd Wagoner, Jeff Leisure, John Hogsett, H. G. Hackman, David Alter and Jesse Logan.

## MORE DRAFT TROOPS TO MOVE MARCH 4

No Indiana Men Included in This Movement or in the One Scheduled For Feb. 23

### CLASSIFICATION IS FINISHED

(By United Press.)

Washington, Feb. 14.—Another movement of draft registrants to training camps was announced today. On March 4, 9,500 men of the first draft will start moving to camp from 11 states. No Indiana men are included.

At the same time draft headquarters announced classification of registrants under the questionnaires has been completed. All registrants will be notified of their classification.

Indianapolis, Ind., Feb. 14.—The order sending the last 35 per cent of the first draft to camp on Feb. 23 does not affect Indiana, according to instructions received by Major Blatzell, state conscription officer today. There has been misunderstanding concerning when the Indiana men should leave.

Allen G. Messick of Marion, who married Miss Louise Craig of this city, has been commissioned captain of the headquarters company of the Second Indiana artillery.

## PASSES ON CASES 23 REGISTRANTS

Army Selection Board Holds Eight For Service as Result of Physical Examinations

### FOURTEEN ARE REJECTED

One of Seven Examined Elsewhere Held For Limited Service—176 Ready to be Called

The Rush county army selection board has passed on the physical examinations of twenty-three registrants, seven of whom were examined elsewhere. Most of the registrants are those who were rejected before the new regulations were received and held up because the board expected that rejected men would be subject to another test under the new regulations. This, however, was not necessary and the rulings of the physicians as first made stand.

Eight out of twenty-three registrants were held for service making 176 which are now ready to be called to the army. Fourteen were rejected and one was held for limited service.

Two were found physically fit and held for full military service and four were rejected by the medical advisory board. Nine were rejected as completely unfit by Dr. W. S. Coleman, physician member of the board, and one was passed and held for full service.

Of the seven Rush county registrants examined by boards where they now live and certified back to the local board, five were passed, one was rejected and one was held for limited service.

Walter E. Theobald was passed by the board at Austin, Texas; Loren C. Bundy at Lafayette, Ind.; Roy Bever at Indianapolis, Jesse O. Kidwell at Baldwinsville, N. Y.; William A. Richter at Detroit, Mich.; John P. Frazee, Jr., was held for limited service by the board at Los Angeles Cal., and Samuel E. Busard was rejected as physically unfit at Grand Rapids, Mich.

The local board received reports on two cases from the district board today. John Shoppelle of Milroy, who was put in class two by the local board on a dependency claim and appealed to the district board, was put in class one, but this morning's ruling re-classifies him in two. Earl Harcourt of Milroy, who is in class four on dependency by ruling of the local board, was given class three on agriculture by the higher board.

Eight registrants were being examined today by the physician member of the board. These are the only class one men who can be examined now because the others have cases before the district board.

## ROBERT CONWAY MADE A CORPORAL

Rushville Boy With Headquarters Co. of 139th Picked to Take Radio Instruction

### THE PURPOSE OF THE SCHOOL

Robert Conway has been promoted from a private in the headquarters company of the 139th field artillery to the rank of corporal and is among the Indiana boys selected to receive instructions in the art of sending and receiving messages by radio and buzzer.

According to the instructors in this school, radio telegraphy plays a most important part in modern warfare. Airplane observers who watch the enemy's movements and direct artillery fire, report by wireless their observations and corrections in range which enables the batteries to hit the targets.

## RIPLEY FIRST TO COMPLETE SURVEY

Report Show Shortage of 200 Bu. of Seed Corn in That Township Alone

### SUPPLY IS SHORT ELSEWHERE

Canvass Also Reveals Many Farmers Who Want Men and Boys to Work This Summer

Ripley township was the first township in the county to complete the food survey which was conducted over Rush county last week and is being completed this week. Jesse Henley was at the head of the Ripley county team of canvassers. The cards which the farmers signed showed that Ripley township is about 200 bushels short on the seed corn needs. About 50 bushels in the entire township are for sale and taking that from the demand, the shortage remains at 200 bushels. Only partial returns are in from any of the other townships, but practically all of them indicate a shortage of seed corn.

As to the labor question, which is expected to puzzle many farmers this spring, Marion Dietrick, county emergency demonstration agent, reports that he has a number of calls from farmers for boys and men who will take positions as farm labor and any persons wanting positions who will apply to him, he will refer to the farmers needing help. The food survey cards also covered the question of labor, asking the farmers how much help they needed and how much they had last year.

In some townships, the survey is being continued over this week. Because of the condition of the roads and other difficulties, it was impossible for some canvassers to cover some of the districts in the county during last week, the week set aside over the entire state for a food survey. In practically all of the townships, the work is being carried on successfully and returns will soon be reported to either George Green, county chairman for the survey, or Marion Dietrick, county emergency agent at the county superintendent's office. When the returns are completed, lists will be posted over the county giving the names of farmers who can supply seed corn and other seed.

In answer to a report that has been passed about that the government has set a price for the sale of seed corn, Mr. Dietrick stated this morning that he had received word from Purdue that the report was absolutely false. The government has made no regulated price. At a recent meeting of Rush county farmers, the price of \$5 a bushel was suggested as a price that farmers might ask for a bushel of seed corn. The price was set to simplify the proposition in this county. Some farmers have paid much more than this for a bushel of seed recently.

## POLISH CABINET RESIGNS

Dissatisfaction Over Separate Peace Terms is Cause

(By United Press.)

Zurich, Feb. 14.—Resignation of the Polish cabinet because of dissatisfaction with the terms of the separate peace between Ukraine and the central powers, was announced in Warsaw today.

Rearrangements of the Ukrainian boundaries takes in land generally regarded as Polish. Resignation of the minister was the result of this.

### 264 UNACCOUNTED FOR

(By United Press.)

Washington, Feb. 14.—There are 264 persons still unaccounted for in the sinking of the Tuscania according to cables to the war department this afternoon.

## HAYS GETS INTO NEW WORK

To Resign as State Council of Defense Chairman

(By United Press.)

Indianapolis, Ind., Feb. 14.—Will Hays jumped into his new work as chairman of the Republican committee today. He held conferences with several members of the national committee who stopped off at Indianapolis on their way home from St. Louis.

Hays will resign his position as chairman of the state defense council within a few days but will probably continue as state republican chairman until after the primaries in May.

## GRAFT CHARGES IN BUILDING SHIP YARDS

Government Investigation of Affairs At Hog Island is Started by President

### PROFIT \$6,000,000 REPORT

(By United Press.)

Washington, Feb. 14.—The first government investigation of graft charges in war work was launched by President Wilson today.

He sent a letter to Attorney-General Gregory asking an immediate probe of conditions at the Hog Island ship yards where large sums of money are said to be appropriated to private interests. Gregory will co-operate with Chairman Hurley of the shipping board.

For weeks the work at Hog Island has been under the survey of the commerce committee. The climax was reached when George Baldwin, chairman of the international corporation building the ship yards, admitted that \$6,000,000 in profit would be forthcoming from the project.

Baldwin named as the stockholders in the corporation Frank Vanderlip, the firm of Stone and Webster and J. Ogden Armour.

Charles Piez submitted reports to show that the Hog Island yard, estimated to cost \$21,000,000, would at the present rate of expenditures cost nearly \$50,000,000.

## COLD WAVE DUE TO ARRIVE TOMORROW

There Will Also be a Drop in Temperature Tonight Weather Man Says Today

### PLENTY OF COAL IN COUNTY

The prediction of a drop in temperature tonight and a cold wave tomorrow holds no terrors for Rushville or other towns in Rush county because the coal situation is not acute any place in the county. The ten days warm weather which the people of the county have been enjoying has given them a chance to get caught up on their fuel needs, with a supply ahead. There was still coal in Rushville today and another car arrived during the day.

It will take a decided drop in temperature to get back down around zero because thermometers were registering as high as sixty-three above today.

Both the Park and Innis-Pearce furniture factories were still closed today for the want of fuel. They have no assurance when they can start operations again.

### BRITISH DIPLOMAT DIES

(By United Press.)

Ottawa, February 14.—Sir Cecil Spring-Rice, former British ambassador to the United States, died this morning at one o'clock of heart failure at the government house. Lady Spring-Rice and her son and daughter were with him. Sir Cecil has been in ill health for some years.

## JUNIOR RED CROSS TO BE ORGANIZED

Every School in County Will Soon be Unit, According to Plan of Executive Committee

### COMMITTEE TO DO THE WORK

Benefits Are Urged as Means of Replenishing Treasury to Buy Red Cross Supplies

Every school in Rush county will soon be an organized unit of the Junior Red Cross society under which a number of patriotic enterprises will be conducted. The organization of the units are a part of the nation wide Junior Red Cross campaign being conducted over the entire country.

At the meeting of the Red Cross executive committee and heads of the departments held last evening in the headquarters, a committee composed of Superintendent J. H. Scholl, Superintendent C. M. George and Father M. W. Lyons was appointed to organize the units. Superintendent Scholl will head the movement in the county schools and Father Lyons in the Catholic school in this city.

The future policy of the Red Cross here as to how best to use the money in the treasury to the greatest advantage was also brought up at last night's meeting. The money is being expended with the greatest care in order that it will go as far as possible in meeting the great needs of today.

"The Rush County Red Cross is very anxious to maintain the high standard it has already set," stated E. B. Thomas, chairman of Red Cross this morning. "Both in the quantity of garments put out and their quality. Garments demand material, and material demands money." Prices of materials, like everything else, are soaring and the immense orders that are filled make frequent drains on the treasury.

Societies, organizations and clubs of any kind can aid greatly in purchasing the supplies by giving benefits for Red Cross and turning the proceeds whether large or small over to Red Cross. These benefits have proven a material aid.

A ten minute talk will be given at the Red Cross headquarters one afternoon each week on "Women's Work in the War," as a result of the suggestion made by Miss Mary Sleeth at the meeting last evening. The talk will be made at the sewing headquarters and will cover different phases of women's accomplishments in the present conflict.

Concerning the organization of the Junior Red Cross units in the schools, the Red Cross headquarters has sent out the following word:

The organization of Junior Red Cross auxiliaries will give the children an opportunity to assist in the relief work of the American Red Cross Society. This movement was started in response to the appeals of thousands of children who appealed daily at the great Red Cross workshops all over the country and asked to be permitted to play some part in the organization's activities.

President Wilson in a Proclamation issued to school children said: "Our Junior Red Cross will bring you opportunities of service to your community and to other communities all over the world and guide your service with high and religious ideals. It will teach you how to save in order that suffering children elsewhere may have the chance to live. It will teach you how to prepare some of the supplies which wounded soldiers and homeless families lack." The State Teachers' Association has given its endorsement to the project, commending the work and pledging its united support.

Miss Lelia Brecheisen is seriously ill at the Dr. Sexton hospital where she was a nurse.

**Constant Sufferer Finds Relief.**  
 "I have been a constant sufferer from kidney trouble and three months ago was down sick in bed, for my back ached so severely I couldn't get up," writes C. F. Reynolds, 412 Herriek St., Elmira, N. Y. "While in this condition we read of Foley Kidney Pills so I commenced taking them. In a few days I was out of bed." Foley Kidney Pills strengthen kidneys and bladder. Recommended for backache, rheumatic pains, sore muscles, stiff joints. F. B. Johnson. Adv.

**EARLY HATCHING**  
**ADVICE OF PURDUE**

**Chickens Hatched in March and April Average 191 Eggs During Pullethood**

**LADY PURDUE LAID 252 EGGS**

**Showing Only 61 Days in the Year in Which the Pullet Was Not Laying**

Lafayette, Ind., Feb. 13.—Four years ago all the chickens in every Indiana barn lot cackled and crowed with excitement and many old hens almost turned white with envy when the state was informed that Miss Purdue, a White Leghorn hen at Purdue University had laid 229 eggs the year she was a pullet and 214 eggs when she had grown to henhood. Now, even Miss Purdue might turn over in her grave if she only knew how her grandchildren were "showing her up" at the egg laying game. More confusion will reign in Hoosier barnyard social circles when news of these new egg laying feats become noised about.

Four of Miss Purdue's grand children, children of John Purdue and a son of the famous Miss, have out-classed their grandmother, while twenty-three of these grandchildren, all of which were early hatched meaning in late March or early April, have averaged 191 eggs during their pullethood. Data showing this remarkable record was compiled this week by Prof. A. G. Philips, head of Purdue poultry department. This achievement shows the value of early hatching which is being advocated by state and national poultrymen.

In 1915 the year after Miss Purdue rose to fame, one of her granddaughters, Lady Purdue, laid 252 eggs. This means that only 61 working days in that year Lady Purdue was not busy. Miss Purdue the Second, a 1916 pullet produced 244 eggs her first year on the job. Thus "the laying qualities" of the mother

may be visited upon the children even into the third and fourth generations.

For this entire flock of 23 birds during the years they were pullets, the feed cost was only \$29.25 while the proceeds derived from their eggs at the regular market prices in the same period was \$116.

# Rheumatics No Longer Gloomy

They have used "Neutrone Prescription 99" and found it there with the punch that kills Rheumatism.

Only the skeptical now suffer. The victims of Rheumatism all tell the same story, they have sore, inflamed muscles and stiff joints, they have no ambition or strength and get nervous, cross and irritable, which is not to be wondered at. Thousands of old time Rheumatics are now in the best of health after using "Neutrone Prescription 99."

Its satisfied users are its best advertisers, pretty good advertisers, too.

No matter how little or how much you suffer go and get a bottle of "Neutrone Prescription 99". You will be surprised at the results. Those sore, inflamed joints and burning, aching muscles will disappear, and you will feel fine every hour of the day. Mail orders filled on \$1.00 size.

PITMAN & WILSON and leading Druggists Everywhere. Rushville, Ind.—(Adv.)

## NOTICE OF BOND SALE

Notice is hereby given by the undersigned, Treasurer of Rush county, Indiana, that up until two o'clock p. m. on

**MONDAY, FEBRUARY 25, 1918,**  
at the office of said treasurer in the court house at the city of Rushville, Indiana, he will receive sealed bids for the purchase of thirty-eight thousand eight hundred dollars (\$38,800.00) Road Bonds, said bonds to be forty in number dated February 15, 1918; each bond for the principal sum of nine hundred seventy dollars each (\$970.00) bearing interest at the rate of four and one-half (4½) per cent per annum payable semi-annually on the 15th day of May and November of each year. The first two bonds will be due and payable May 15, 1919, and two bonds each six months thereafter until all said bonds have been paid; said bonds have been ordered issued for the construction of the highway petitioned for by John G. Beale, et al. of Rushville township, Rush county, Indiana, and will be sold to the highest bidder for not less than par and accrued interest.

The right is reserved to reject any and all bids.

JOHN O. WILLIAMS,  
Feb14-11 Treasurer Rush Co., Ind.

## Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of Peter Maury, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, in the 8th day of March, 1918, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive share.

Witness, the Clerk of said Court, this 13th day of February, 1918.

## The Fate of The Farm

Of all the deep questions involved in the conflict now raging, the question of most vital interest to the people of the entire world is, "What of the American farms this year?"

Possibly, too, no other fact assumes such positive form as that the farms and farmers of America must win the war if it is to be won a question that can admit of no discussion.

But farms can not be operated without man power.

And man power is the one thing American farms lack.

Then what is the answer?

Man power MUST be supplied.

Easy enough to assert, but far more difficult to accomplish. For years now the farms of this country have been gradually depleted of the lusty young blood that should have stayed to enrich them. The army has added the cap sheaf by taking hundreds of thousands more.

It is plain to a blind man that the places of these young men must be filled if our farms are to be operated at their full capacity this year. But there are no available sources of supply. Farmers offered unheard of wages just to get help to gather the corn crop of last year, much of which is in danger of rotting in the fields in some parts of the country, and help is not to be had.

There can be but one answer—men must be drafted for the farms.

We are told by Secretary of Agriculture Wilson that the country is expected to produce an even greater crop of all staples this year than was produced last year. This demand, with the fact that the remainder of the army draft will be called in the spring, is liable to render the situation acute.

We confess our utter inability to see how the farms of the country are to be run successfully without the aid of those bred to the farm.

There are no more patriotic class of people in this country than our farmers, taken as a class. But even their patriotism can not accomplish the impossible.

We conservatives who have made light of Bolshevik doctrines will feel foolish if eventually we have to

## VINOL MAKES GOOD BLOOD

**Positive—Convincing Proof**

Many so-called remedies for anemia are only so in name. Their makers are afraid to prove their claims by telling what their medicines contain. The only way to be honest with the people is to let them know what they are paying for. Here is the Vinol formula. When the doctor knows what a medicine contains, it ceases to be a "patent" medicine.

**It Cod Liver and Beef Peptones, Iron and Manganese Peptones, Irga and Ammonium Citrate, Lime and Soda Citricophosphates, Cacao.**

Any doctor will tell you that the ingredients of Vinol, as named above, will enrich the blood and banish anemia and create strength. When the blood is pure and rich and red, the body is strong and robust.

You can prove this at our expense because your money will be returned if Vinol does not improve your health.

F. B. JOHNSON & CO., Druggists, Rushville, and at the best drug store in every town and city in the country.

## NEW NATIONAL CHAIRMAN IS VETERAN IN POLITICS

WILL H. HAYS

(By United Press.)

Indianapolis, Ind., Feb. 14.—Will H. Hays of Sullivan, Ind., who was unanimously elected republican national chairman at St. Louis yesterday afternoon, though comparatively young, is a veteran in Indiana politics. For many years he was Republican district chairman in the Second, making a remarkable record as an organizer and repeatedly bringing his party in a winner in the district.

In the days when young Will Hays was making a remarkable record as district chairman when he was getting his start in Sullivan county politics, he became known all over the state as a fair and square party man, as a harmonizer, as an adjuster of factional differences, acceptable to all elements as a leader with a general reputation for friendliness and middle-of-the-road republicanism.

Will Hays was always acceptable alike to the so-called Fairbanks forces, and to the so-called Beveridge element in his party. It was this availability, this friendly relationship with all groups in the party that made Will Hays the logical organizer for republicans in 1914 in Indiana. Mr. Hays previously had served not only as a district chairman and county leader but had acted as chief speakers' bureau for the republican state committee, and knew the organization game from the inside and out and back.

The 1914 campaign in Indiana though it did not land the office nevertheless was a remarkable political achievement. Under the driving, tireless, good-humored, intelligent system of all-embracing organization put in operation by Mr. Hays, the G. O. P. rose from third place in Indiana to second place and got in line for the victory which came in 1916. Will Hays was able to win over literally an army of progressives in 1914, increasing the republican vote in the state from 142,000 in 1912 to 226,000 in 1914, this showing being followed two years later by a notable victory on both national and state tickets.

Because Hays was able to put Indiana over for Hughes and the re-

## WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

## CAMPAIGN ON OATS SMUT HAS BEGUN

Mr. Gillispie of Bureau of Plant Industry Arrives For Three Days  
Tour of County

### LAST MEETING ON SATURDAY

Treatment of Oats Smut Will be Demonstrated Before Several Audiences of Farmers

Mr. Gillispie of the bureau of the plant industry at Washington has arrived in this city and started on an intensive campaign with Marion F. Dietrick, county emergency demonstration agent, in a series of meetings over Rush county to give demonstrations on the most improved methods of treating oats for smut.

Three meetings are being held every day over the county during his stay here and the series will culminate in the meeting of farmers called for the sheriff's office at the court house on Saturday afternoon at one o'clock, when the practical demon-

## TO LEAVE HERE SATURDAY

Income Tax Inspector to Be Transferred to Vevay

Harry P. Euler, income tax inspector, who has been at the postoffice since the first of last week aiding taxpayers in filling out their returns will leave this city on Saturday. It was thought that inasmuch as the time allowed for filing income tax returns had been extended from March 1 to April 1, Mr. Euler's time at the local office might be extended. He has received notice, however, to leave here Saturday and to begin duties at Vevay. Mr. Euler has been expecting a government man to aid him in the rush here but no one has arrived as yet.

stration will be augmented by a short talk on the subject of treating oats for smut. In addition to discussing the oats problem, the treatment of potatoes for blight and scab will be brought before the farmers and the most successful methods of battling these will be demonstrated.

At 10 o'clock this morning a meeting was held on the farm of Joseph Cotton of Walker township; this afternoon the government men and the local agent attended the meeting of farmers held in the court house; this evening at 7 o'clock a mass meeting will be held in Carthage; at 10 o'clock tomorrow morning a demonstration will be given at the elevator of Elmer Hutchinson in Arlington in connection with a sale there; one o'clock tomorrow afternoon, a meeting will be held in Blue Ridge township, Hancock county in connection with an institute.

Tomorrow evening at 7 o'clock in the Mays school, an immense crowd is expected when a farmer's club will be organized and the subject of oats and potatoes will be brought up before the farmers. Saturday morning at 10 o'clock, a demonstration will be given on the Wilk-Redman farm south of the city. Farmers over the entire county are urged to take advantage of these opportunities offered by the government.

## Amusements

A novelty that is unique in its interest is the Paramount photoplay "Bab's Diary," from the famous story by Mary Roberts Rinehart which appeared in the Saturday Evening Post. Bab, the pretty boarding-school girl heroine tells of her experiences with a family which persists in treating her as a little girl and which she pretty thoroughly frightens by pretending to be engaged to someone they had never seen. The titles are taken from the original book and their charm lies in the droll spelling and naive charm of Bab's own script. This is probably the first time that the idea of filming a dairy, page by page, has been adopted. "Bab's Diary" starring Marguerite Clark, will be shown on Friday at the Princess theatre.

Tonight's program offers the production, "The Princess of Park Row," a delightful modern drama of today. Around the Princess is wound a thrilling love story.

"Her Sister's Rival," which the manager of the Gem theatre announces she will present next Monday is looked upon as the best of the Russian Art Films yet released.

In addition to having Miss Vera Colodnaya, described as the most beautiful ingenue-vampire ever seen on the screen, in the title role, "Her Sister's Rival" is said to be a "powerful story with a thrill of real drama in every scene, a class of production that is extremely high and a speed in development that is unusual in foreign made pictures."

This evening's program includes, "The Yankee Way," a clever picture filled with patriotism in which George Walsh is starred. Tomorrow, "The Fighting Trail," will be featured.

Robert Humes, now stationed at Camp Taylor, Ky., has passed the examinations necessary to be admitted into the aviation service and is expecting to be transferred to Columbus, Ohio about Feb. 23.

## Step Lively! Corns Quit with "Gets-It"

The Great Corn-Loosener of the Age. Never Fails. Painless.

Watch my step? What's the use? I go along "right side up" without care, even with corns, because I use "Gets-It," the painless, off-like-a-banana-peel corn remover. I tried other ways galore, until I was blue

Corns Simply Can't Stop us, We use "Gets-It" in the face and red in the toes. No more for me. Use "Gets-It." It never fails. Touch any corn or callus with two drops of "Gets-It," and "Gets-It" does the rest. It's a relief to be able to stop cutting corns, making them bleed, wrapping them up like packages and using sticky tape and salves. It removes any corn clear and clean, leaving the toe as smooth as your palm. You can wear those new shoes without pain, dance and be frisky on your feet. It's great to use "Gets-It." "Gets-It" is sold at all druggists (you need pay no more than 25 cents a bottle), or send on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mullin.

Indiana Grocers put their stamp of approval on the

MRS. JESSIE F. CARR & OTHERS  
28711.

# Society

In compiling Rush county's patriotic literature which will go to make up the Red Cross war history, the Woman's Relief Corps will play no small part in furnishing interesting history for the book. The W. R. C. members have, since their organization, taken part in and have furthered every patriotic move in the county and as a result have been asked to compile as much data from their organization as possible.

At the meeting of the corps which was held yesterday afternoon in the G. A. R. rooms at the court house a committee composed of Mrs. Edna Dagler, Mrs. Selman Webb, Mrs. Mary Gregg, Mrs. Olive Bainbridge, Mrs. Cornelia Lyons and Mrs. Phoebe Phillips was named to prepare the W. R. C. portion of the history.

At the regular meeting of the Young Woman's Missionary society of the United Presbyterian church which was held yesterday afternoon with Mrs. Hal Pike, at her home in West Tenth street, an interesting program was given by several of the members.

The meeting was led by Mrs. Dora Edwards and following the devotionals, Mrs. John Aikin discussed the study chapter from "The African Trail," and the hostess gave an interesting account of work being accomplished by mission workers in Egypt. Miss Florence Elliott's paper was on "The American Indian."

The next meeting will be held Mar. 13, when Mrs. Fred Wilson will be hostess.

Miss Margaret Donnan, who has gained favor among women interested in literature and has been conducting a class here for several years, will give a lecture for the benefit of Red Cross at the home of Mrs. F. G. Hackleman in North Morgan street on Saturday afternoon, March 2. Members of the class are selling tickets for fifty cents each. Miss Donnan is donating her services and the entire proceeds will go into the Red Cross treasury.

The next meeting of the class will be at the home of Mrs. Jane Kincaid on Saturday afternoon of this week at 2:30 o'clock. Miss Donnan has not announced the subject of her lecture for the meeting.

Hearts were used in artistic decoration for the Valentine party given last night at the home of Mr. and Mrs. Fred Woods, in North Arthur street, honoring the sixteenth birthday of their nephew, Carl Spivey. Valentines in red and white were used in artistic designs about the rooms in which the guests were entertained and were combined with carnations which suggested the color scheme.

The guests were entertained during the evening with dancing and contests after which a pretty lunch-

## Letter From Wrong Lover Censor's Fault

Local Girl Receives Letter from Unknown Lover and Blames the Hun For Turning Mind of Her Suitor —Then Realizes the Censor is All to Blame for Mixing Letters

"Anybody is liable to make a mistake but there's no excuse for a censor," exclaimed a local girl indignantly yesterday when upon opening a letter, the envelope of which bore the handwriting of "her Sammy" who is on the way to France, found that the "inquisitive old censor" had made a mistake and had placed some body's letter in her envelope.

"Dearest Frances," the letter began and as she read down through the pages of the letter, she doubtless thought that some trick of the Hun had suddenly turned the mind of the writer to such an extent as to make him forget not only her name, but also to allude to events concerning which she had never heard. It was not until she had read the signature at the end of the letter that the light dawned on her and she realized that the mistake was that of the overworked censor.

### Social Calendar

Friday

Five Hundred Club with Mrs. Carl Beher, 405 North Main street, in the afternoon.

Regular meeting of the Mahoning Council Poehantans in the evening at 7:30.

eon was served, in which the ices and cakes were in heart shapes. Covers were laid for twelve guests.

Two comforts for the French War Relief were completed at yesterday's meeting of the Sunshine Embroidery club of Raleigh at the all day meeting which was held at the home of Mrs. Amos Glidden. A pitch-in dinner was served at noon and during the entire day the members worked diligently on various war relief work.

Miss Louise Bingamen, daughter of Mr. and Mrs. E. L. Bingamen of

### Red Cross Notes

The women of the Main Street Christian church worked in the various departments at the Red Cross headquarters yesterday. A large number of garments were completely made by the workers.

The next meeting of the Union township auxiliary to the Red Cross will be held Thursday, February 21 instead of Tuesday as has been the custom. The change has been made because the women will serve lunch for a sale on the regular meeting day.

Although the membership of the Plum Creek auxiliary is small the members are working diligently and have succeeded in turning out a great number of excellently made hospital garments. The women of that neighborhood who formerly belonged to the Glenwood auxiliary found it inconvenient to attend the meetings which were held in Glenwood and the result was the organization of the branch auxiliary at Plum Creek.

The Homer Red Cross auxiliary under the leadership of Mrs. Sylvia Hodges has been doing excellent work during the entire winter. Every Saturday two suit cases of finished work arrive at the local headquarters for shipment. Many of the women in this auxiliary are also turning out a great amount of work

### Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

The E. W. Rose Co., Cleveland, O.

### Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of Alonzo W. Tribbey, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 9th day of March, 1918, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 14th day of February, 1918.

GEO. B. MOORE, JR.,  
Clerk Rush Circuit Court.

A. L. Gary, Attorney.

in the other two divisions in Walker township. Although the intense cold weather a few weeks ago, drove the women out of their headquarters they continued their work in the furnace room at the home of Mrs. Hodges.

The two auxiliaries in Noble township have not missed a meeting during the entire winter and during that time have completed several boxes of supplies which have been commended both at the headquarters here and at the state headquarters for the neatness of the work

The auxiliary in the north part of the township is subdivided, one division meeting with Mrs. Bert Norris and the other with Mrs. Roscoe Titsworth. The New Salem auxiliary has its headquarters at the home of the chairman, Mrs. Hattie Barber.

The three branches in the township average thirty workers a week and as a result finish a number of garments. The domestic science classes of the New Salem school has also taken an active part in the Red Cross work.

## LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

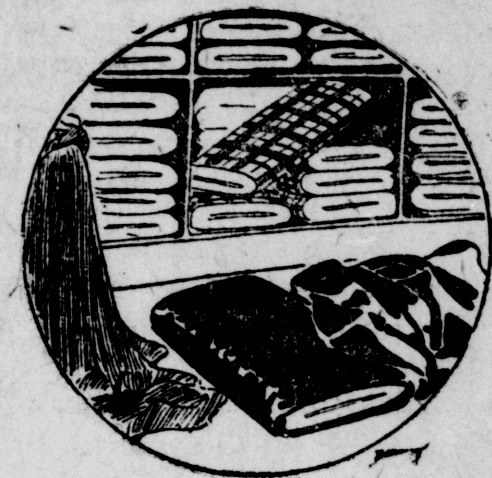

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## How About Spring GINGHAMS

The decided change in temperature has undoubtedly reminded you that Spring is almost here. The thoughts of every woman have turned to frocks, both for her children and herself.

GINGHAMS — were never shown in more dainty patterns than are now being displayed in this store. Plaids for the children's school frocks and light summer dresses. There

is nothing better than gingham for madam's afternoon dress. The new theatrical production in New York during the last few weeks have presented an interesting array of spring and summer dresses in gingham. Simplicity marks the style of frocks for Spring.

Let us Show You Our Fresh and Dainty Gingham

## Remnants! Remnants! Remnants!

It will be to your advantage to choose from our large stock of remnants in sheetings, calico, silks, wool goods, gingham, percales, muslins, etc., which are left from our sale. These are priced exceptionally low. We have placed them where you may find what you can use.

WANTED—I want to buy feeding

## Notes On Activities Of Federated Clubs

In no other war in history have women been recognized except in hospital work. American women have before the man opportunity and responsibility without parallel. The Federated Women are so managed that every community in the Union can be reached quickly.

Mrs. John D. Sherman, Chairman of the Conservation Department says: "I strongly urge every club women who is identified with the State Federation to co-operate to the limit of her ability with the Woman's Committee of the Council of National Defense in her state when the opportunity offers, but not for one moment to neglect the work to which she stands committed in her own club of state federations."

The General Federation Civics Department requests that all club work for the following interests: 1. Promote community action to secure waste lot gardening. 2. Agitate the starting of an emergency savings account. 3. Subscribe for government bonds. 4. Train women for national emergencies in return for the privilege of citizenship. It is desired that this announcement reach every club in the Union.

At the meeting of the Woman's Franchise league Saturday, the speeches for and against suffrage, given before congress, will be read. Copies of all the addresses will be sent to the local women by Mrs. George K. Denton, wife of Congressman Denton. Mrs. Frederick Erlbacher, the newly elected president of the organization, will preside.

May 15th has been set as the date for the federation of the sixth district. This year's federation will be held at Greenfield and the Greenfield club members are planning to make it a banner meeting. The dates for all of the state federations were announced recently by Mrs. John Edward Moore, state president.

Strenuous efforts are being made in Evansville to keep all children in school. The club women are working with the welfare work in the Council of Defense. Juvenile cases are closely followed and it is found that children who work in factories contribute most of the delinquent cases.

At the meeting of the Kokomo Bar Association held Tuesday evening, the wives of the barristers were represented on the program by Mrs. John Edward Moore. Her toast was the only one to receive a full report in the papers.

The Woman's club of Boonville meets at the Red Cross shop. While current events were discussed the members made surgical dressings. The Russian revolution was reviewed by Mrs. A. J. Hopkins.

The Wednesday Culture club of Evansville is studying South American musicians and artists and the home life of the women. Red Cross sewing is continued during all meetings.

Former students of the University of Wisconsin have organized a club at Evansville to do welfare work especially in juvenile cases.

### ADDITIONAL SOCIETY

(Continued From Page 6.)

Gings and Irvin Piper, son of Mr. and Mrs. E. J. Piper of Falmouth were married this morning by the Rev. Clyde S. Black at the Methodist parsonage here. Mr. and Mrs. Piper will reside on the Piper farm near Falmouth.

The members of the Psi Iota Xi sorority will serve a lunch at the Graham school during the ten minute intermission period at noon tomorrow. The lunch will consist of sandwiches and ginger bread and the proceeds will go to the Red Cross fund.

Mrs. B. O. Simpson was hostess to the member of the Ladies Aid Society of the First Presbyterian church yesterday afternoon at her home, 433 North Main street. Work for the Red Cross was done after the regular business session.

## County News

FARMERS TRUST CO.

SUGAR WATER TIME  
HAS ALMOST COME

First Indication of Spring Remind  
Farmers of Coming Industry,  
That of Tapping Trees

WILL ADD TO SUGAR SUPPLY

Food Administrator Urges Farmers  
to Tap Every Tree and to Make  
All Molasses Possible

With the partial thawing of the ground and other indications that spring is trying to put in her first appearance, Rush county farmers are making preparations to begin that homely industry—the making of maple syrup—which will be attempted on a scale heretofore unheard of among local farmers.

Men who have scores of trees to tap are under the impression that acquiring maple syrup will mean more work this year than usual due to the fact that the conditions for the procuring of the sap are not as favorable. Farmers state that during the entire winter the ground was too dry and that the constant thawing and freezing of the soil which accompanies a free flow of sap, was absent this winter.

Even at the expense of labor and time this year, however, farmers will tap all of their trees. There is an assurance that maple molasses will be extremely high and with a little more boiling, the sugar camp owners will be able to refine a very good grade of sugar, bearing a flavor which neither beet nor cane can lend.

Farmers have been urged by Food Administrator Barnard to tap every tree and to make as many gallons of molasses as possible. The making of the furnace and the collecting of a few kettle or pans is no large job, as most farmers already have all of these things. The giving of the necessary time to the collection of the sap and to the boiling is the great

EAT LESS MEAT  
IF BACK HURTS

Take a glass of Salts to flush Kidneys  
if Bladder bothers you—Drink  
lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

est work but farmers have been asked to remember that this is a time when they are to assist in food production and especially in the production of sweets, even at the expense of their own convenience.

Among the Rush county farmers who are planning to tap hundreds of sugar trees this spring are W. A. Alexander, Don C. Brooks, Elmer Ellison, Morrison Sisters, Mauzy Bebout, John K. Gowdy, Samuel Hopkins, Rue Henry, Edward Atkins, Thomas Jones, Frank Overman and Robert Jones.

## CAUSE OF DELAY ABROAD SHOWN

Lack of Tonnage and Faulty Materials Hinder Pershing's Work In France

### REPORT ON DEFICIENCY BILL

Testimony Reveals Many Supplies Sent Abroad Are Useless—Bill Carries Over Billion

(By United Press.)

Washington, Feb. 14.—Lack of tonnage, shipment of faulty materials and congestion in supply stations in France has delayed the work of General Pershing, according to the testimony made today with the house report on the deficiency bill. The bill carries more than \$1,107,000,000.

The testimony revealed: Twenty thousand gas masks after reaching France were found faulty and discarded and British masks borrowed.

A large shipment of tilings for docks were found useless. Hospital cars not forthcoming from this country were procured from England.

Pershing is pleading for more cars, locomotives, depot and railroad materials and for engineer regiments.

A. Mitchell Palmer, custodian of property owned by alien enemies, testified that the profits under the present system are being saved for the Germans until after the war. He asked that they be taken away from the Kaiser's friends.

Sec. Lansing said the American dollar is worth only 75c in certain parts of South America.

Six million dollars is needed to purchase seed for farmers if food production is to be increased, according to Hoover.

An appropriation of \$100,000,000 was made to increase terminal facilities along the Atlantic coast.

## ACCURATE BARRAGE FIRED BY YANKEES

American Artillery Played Spectacular Role in Attack on Champagne Region Yesterday

### RUIN GERMAN TRENCHES

(By United Press.)

French Armies in the Field, Feb. 14.—American artillery played a spectacular role in the attack in the Champagne region yesterday.

The Yankee gunners with unerring accuracy laid down a barrage cutting off the Germans from their communication.

Later, the American artillery encircled the advancing French infantry with a protecting fire. This curtain was maintained for some time to aid the French in establishing their newly won position.

The American battery effectively destroyed German trenches and fortifications.

The artillery separation for the French attack which penetrated to the third German line lasted more than 6 hours. The Yankee gunners were working like beavers all this time.

### 10-YEAR-OLD GIRL DIES

Mary Young, the ten-year-old daughter of Mr. and Mrs. Alvan Young of Richland township died yesterday morning at the home of her parents following a six months illness from tuberculosis. The funeral services will be conducted tomorrow.

## IS CHARGED WITH INCEST

Burn Stevens Held Under \$2,500 Bond For Serious Offense

Burn Stevens, a furniture factory worker, has been arrested for committing an offense against his daughter, May, who is not yet seventeen years of age, and today a charge of incest was placed against him in circuit courts. Judge Sparks fixed his bond at \$2,500. Stevens was arrested by Policeman Yakey yesterday afternoon and the revolting story was told to the prosecutor and mayor by the young girl. The case was then placed in the circuit court. Stevens has a wife and two grown sons.

## DAMAGE SUIT DUE TO ACCIDENT BEGINS

First Evidence in Case of William Bunsendahl Against Duke and Nesbitt Heard

### ALL MORNING TO GET A JURY

#### Suit is Compromised

The case of William Bunsendahl against Walter Duke and Raymond Nesbitt was compromised in circuit court at 3.30 this afternoon and dismissed.

The first evidence in the case of William Bunsendahl, Payette county farmer, against Walter Duke of this city and Raymond Nesbitt of Ft. Thomas, Ky., formerly of Glenwood, for \$1,000 damages as the result of an accident April 19, 1917, east of Glenwood, when Duke's machine ran into Bunsendahl's buggy, was introduced in circuit court this afternoon after the whole morning had been spent in impaneling a jury.

Each side claims that the accident was due to the other's negligence. Channacey Duncan represents the defendants and L. L. Broadus of Connersville is attorney for the plaintiff. The jury hearing the case is composed of the following men:

Marshall Dearing, N. I. Price, Lewis J. Chene, A. C. Lee, Ben F. McFarlan, Alonzo Innis, Lloyd Wagoner, Jeff Leisure, John Hogsett, H. G. Hackman, David Alter and Jesse Logan.

## MORE DRAFT TROOPS TO MOVE MARCH 4

No Indiana Men Included in This Movement or in the One Scheduled For Feb. 23

### CLASSIFICATION IS FINISHED

(By United Press.)

Washington, Feb. 14.—Another movement of draft registrants to training camps was announced today. On March 4, 9,500 men of the first draft will start moving to camp from 11 states. No Indiana men are included.

At the same time draft headquarters announced classification of registrants under the questionnaires has been completed. All registrants will be notified of their classification.

Indianapolis, Ind., Feb. 14.—The order sending the last 35 per cent of the first draft to camp on Feb. 23 does not affect Indiana, according to instructions received by Major Blatzel, state conscription officer today. There has been misunderstanding concerning when the Indiana men should leave.

Allen G. Messick of Marion, who married Miss Louise Craig of this city, has been commissioned captain of the headquarters company of the Second Indiana artillery.

## PASSES ON CASES 23 REGISTRANTS

Army Selection Board Holds Eight For Service as Result of Physical Examinations

### FOURTEEN ARE REJECTED

One of Seven Examined Elsewhere Held For Limited Service—176 Ready to be Called

The Rush county army selection board has passed on the physical examinations of twenty-three registrants, seven of whom were examined elsewhere. Most of the registrants are those who were rejected before the new regulations were received and held up because the board expected that rejected men would be subject to another test under the new regulations. This, however, was not necessary and the rulings of the physicians as first made stand.

Eight out of twenty-three registrants were held for service making 176 which are now ready to be called to the army. Fourteen were rejected and one was held for limited service.

Two were found physically fit and held for full military service and four were rejected by the medical advisory board. Nine were rejected as completely unfit by Dr. W. S. Coleman, physician member of the board, and one was passed and held for full service.

Of the seven Rush county registrants examined by boards where they now live and certified back to the local board, five were passed, one was rejected and one was held for limited service.

Walter E. Theobald was passed by the board at Austin, Texas; Loren C. Bundy at Lafayette, Ind.; Roy Bever at Indianapolis; Jesse O. Kidwell at Baldwinsville, N. Y.; William A. Richter at Detroit, Mich.; John P. Frazee, Jr., was held for limited service by the board at Los Angeles Cal., and Samuel E. Busard was rejected as physically unfit at Grand Rapids, Mich.

The local board received reports on two cases from the district board today. John Shoppelle of Milroy, who was put in class two by the local board on a dependency claim and appealed to the district board, was put in class one, but this morning's ruling re-classifies him in two. Earl Harecourt of Milroy, who is in class four on dependency by ruling of the local board, was given class three on agriculture by the higher board.

Eight registrants were being examined today by the physician member of the board. These are the only class one men who can be examined now because the others have cases before the district board.

## ROBERT CONWAY MADE A CORPORAL

Rushville Boy With Headquarters Co. of 139th Picked to Take Radio Instruction

### THE PURPOSE OF THE SCHOOL

Robert Conway has been promoted from a private in the headquarters company of the 139th field artillery to the rank of corporal and is among the Indiana boys selected to receive instructions in the art of sending and receiving messages by radio and buzzer.

According to the instructors in this school radio telegraphy plays a most important part in modern warfare. Airplane observers who watch the enemy's movements and direct artillery fire, report by wireless their observations and corrections in range which enables the batteries to hit the targets.

## RIPLEY FIRST TO COMPLETE SURVEY

Report Show Shortage of 200 Bu. of Seed Corn in That Township Alone

### SUPPLY IS SHORT ELSEWHERE

Canvass Also Reveals Many Farmers Who Want Men and Boys to Work This Summer

Ripley township was the first township in the county to complete the food survey which was conducted over Rush county last week and is being completed this week. Jesse Henley was at the head of the Ripley county team of canvassers. The cards which the farmers signed showed that Ripley township is about 200 bushels short on the seed corn needs. About 50 bushels in the entire township are for sale and taking that from the demand, the shortage remains at 200 bushels. Only partial returns are in from any of the other townships, but practically all of them indicate a shortage of seed corn.

As to the labor question, which is expected to puzzle many farmers this spring, Marion Dietrick, county emergency demonstration agent, reports that he has a number of calls from farmers for boys and men who will take positions as farm labor and any persons wanting positions who will apply to him, he will refer to the farmers needing help. The food survey cards also covered the question of labor, asking the farmers how much help they needed and how much they had last year.

In some townships, the survey is being continued over this week. Because of the condition of the roads and other difficulties, it was impossible for some canvassers to cover some of the districts in the county during last week, the week set aside over the entire state for a food survey. In practically all of the townships, the work is being carried on successfully and returns will soon be reported to either George Green, county chairman for the survey, or Marion Dietrick, county emergency agent at the county superintendent's office. When the returns are completed, lists will be posted over the county giving the names of farmers who can supply seed corn and other seed.

In answer to a report that has been passed about that the government has set a price for the sale of seed corn, Mr. Dietrick stated this morning that he had received word from Purdue that the report was absolutely false. The government has made no regulated price. At a recent meeting of Rush county farmers, the price of \$5 a bushel was suggested as a price that farmers might ask for a bushel of seed corn. The price was set to simplify the proposition in this county. Some farmers have paid much more than this for a bushel of seed recently.

## POLISH CABINET RESIGNS

Dissatisfaction Over Separate Peace Terms is Cause

(By United Press.)

Zurich, Feb. 14.—Resignation of the Polish cabinet because of dissatisfaction with the terms of the separate peace between Ukraine and the central powers, was announced in Warsaw today.

Rearrangements of the Ukrainian boundaries takes in land generally regarded as Polish. Resignation of the minister was the result of this.

### 264 UNACCOUNTED FOR

(By United Press.)

Washington, Feb. 14.—There are 264 persons still unaccounted for in the sinking of the Tuscania according to cables to the war department this afternoon.

## HAYS GETS INTO NEW WORK

To Resign as State Council of Defense Chairman

(By United Press.)

Indianapolis, Ind., Feb. 14.—Will Hays jumped into his new work as chairman of the Republican committee today. He held conferences with several members of the national committee who stopped off at Indianapolis on their way home from St. Louis.

Hays will resign his position as chairman of the state defense council within a few days but will probably continue as state republican chairman until after the primaries in May.

## GRAFT CHARGES IN BUILDING SHIP YARDS

Government Investigation of Affairs At Hog Island Is Started by President

### PROFIT \$6,000,000 REPORT

(By United Press.)

Washington, Feb. 14.—The first government investigation of graft charges in war work was launched by President Wilson today.

He sent a letter to Attorney-General Gregory asking an immediate probe of conditions at the Hog Island ship yards where large sums of money are said to be appropriated to private interests. Gregory will co-operate with Chairman Hurley of the shipping board.

For weeks the work at Hog Island has been under the survey of the commerce committee. The climax was reached when George Baldwin, chairman of the international corporation building the ship yards, admitted that \$6,000,000 in profit would be forthcoming from the project.

Baldwin named as the stockholders in the corporation Frank Vanderlip, the firm of Stone and Webster and J. Ogden Armour.

Charles Piez submitted reports to show that the Hog Island yard, estimated to cost \$21,000,000, would at the present rate of expenditures cost nearly \$50,000,000.

## COLD WAVE DUE TO ARRIVE TOMORROW

There Will Also be a Drop in Temperature Tonight Weather Man Says Today

### PLENTY OF COAL IN COUNTY

The prediction of a drop in temperature tonight and a cold wave tomorrow holds no terrors for Rushville or other towns in Rush county because the coal situation is not acute any place in the county. The ten days warm weather which the people of the county have been enjoying has given them a chance to get caught up on their fuel needs, with a supply ahead. There was still coal in Rushville today and another car arrived during the day.

It will take a decided drop in temperature to get back down around zero because thermometers were registering as high as sixty-three above today.

Both the Park and Innis-Pearce furniture factories were still closed today for the want of fuel. They have no assurance when they can start operations again.

### BRITISH DIPLOMAT DIES

(By United Press.)

Ottawa, February 14.—Sir Cecil Spring-Rice, former British ambassador to the United States, died this morning at one o'clock of heart failure at the government house. Lady Spring-Rice and her son and daughter were with him. Sir Cecil has been in ill health for some years.

## JUNIOR RED CROSS TO BE ORGANIZED

Every School in County Will Soon be Unit, According to Plan of Executive Committee

### COMMITTEE TO DO THE WORK

Benefits Are Urged as Means of Replenishing Treasury to Buy Red Cross Supplies

Every school in Rush county will soon be an organized unit of the Junior Red Cross society under which a number of patriotic enterprises will be conducted. The organization of the units are a part of the nationwide Junior Red Cross campaign being conducted over the entire country.

At the meeting of the Red Cross executive committee and heads of the departments held last evening in the headquarters, a committee composed of Superintendent J. H. Scholl, Superintendent C. M. George and Father M. W. Lyons was appointed to organize the units. Superintendent Scholl will head the movement in the posed of Superintendent J. H. Scholl in the county schools and Father Lyons in the Catholic school in this city.

The future policy of the Red Cross here as to how best to use the money in the treasury to the greatest advantage was also brought up at last night's meeting. The money is being expended with the greatest care in order that it will go as far as possible in meeting the great needs of today.

"The Rush County Red Cross is very anxious to maintain the high standard it has already set," stated E. B. Thomas, chairman of Red Cross this morning. "Both in the quantity of garments put out and their quality. Garments demand material, and material demands money." Prices of materials, like everything else, are soaring and the immense orders that are filled make frequent drains on the treasury.

Societies, organizations and clubs of any kind can aid greatly in purchasing the supplies by giving benefits for Red Cross and turning the proceeds whether large or small over to Red Cross. These benefits have proven a material aid.

A ten minute talk will be given at the Red Cross headquarters one afternoon each week on "Women's Work in the War," as a result of the suggestion made by Miss Mary Sleeth at the meeting last evening. The talk will be made at the sewing headquarters and will cover different phases of women's accomplishments in the present conflict.

Concerning the organization of the Junior Red Cross units in the schools, the Red Cross headquarters has sent out the following word.

The organization of Junior Red Cross auxiliaries will give the children an opportunity to assist in the relief work of the American Red Cross Society. This movement was started in response to the appeals of thousands of children who appealed daily at the great Red Cross work shops all over the country and asked to be permitted to play some part in the organization's activities.

President Wilson in a Proclamation issued to school children said "Our Junior Red Cross will bring you opportunities of service to your community and to other communities all over the world and guide your service with high and religious ideals. It will teach you how to give in order that suffering children elsewhere may have the chance to live. It will teach you how to prepare some of the supplies which wounded soldiers and homeless families lack. The State Teachers' Association has given its endorsement to the project commending the work and pleading its united support."

Miss Leila Broche is secretary of the Dr. Sexton hospital and she was a nurse.

**Constant Sufferer Finds Relief.**  
 "I have been a constant sufferer from kidney trouble and three months ago was down sick in bed, for my back ached so severely I couldn't get up," writes C. F. Reynolds, 412 Herrick St., Elmira, N. Y. "While in this condition we read of Foley Kidney Pills so I commenced taking them. In a few days I was out of bed." Foley Kidney Pills strengthen kidneys and bladder. Recommended for backache, rheumatic pains, sore muscles, stiff joints. F. B. Johnson. Adv.

**EARLY HATCHING**  
**ADVICE OF PURDUE**

Chickens Hatched in March, and April Average 191 Eggs During Pullethood

**LADY PURDUE LAID 252 EGGS**

Showing Only 61 Days in the Year in Which the Pullet Was Not Laying

Lafayette, Ind., Feb. 13.—Four years ago all the chickens in every Indiana barn lot cackled and crowed with excitement, and many old hens almost turned white with envy when the state was informed that Miss Purdue, a White Leghorn hen at Purdue University had laid 229 eggs the year she was a pullet and 214 eggs when she had grown to henhood. Now, even Miss Purdue might turn over in her grave if she only knew how her grandchildren were "showing her up" at the egg laying game. More confusion will reign in Hoosier barnyard social circles when news of these new egg laying feats become noised about.

Four of Miss Purdue's grand children, children of John Purdue and a son of the famous Miss, have out-classed their grandmother, while twenty-three of these grandchildren, all of which were early hatched meaning in late March or early April, have averaged 191 eggs during their pullethood. Data showing this remarkable record was compiled this week by Prof. A. G. Philips, head of Purdue poultry department. This achievement shows the value of early hatching which is being advocated by state and national poultrymen.

In 1915 the year after Miss Purdue rose to fame, one of her granddaughters, Lady Purdue, laid 252 eggs. This means that only 61 working days in that year Lady Purdue was not busy. Miss Purdue the Second, a 1916 pullet produced 244 eggs her first year on the job. Thus "the laying qualities" of the mother

may be visited upon the children even into the third and fourth generations.

For this entire flock of 23 birds during the years they were pullets, the feed cost was only \$29.35 while the proceeds derived from their eggs at the regular market prices in the same period was \$116.

**Days Pickings**

A daughter has been born to the wife of Gordon Noble. The baby has been named Mary Elizabeth.

Ch B. Collins, administrator of the Arenith M. Drennin has filed a petition in the circuit court for permission to sell the real estate of the estate to pay debts. The husband and seven children of the deceased, the only heirs, are made defendants.

The mid-week prayer meeting of the First Presbyterian church will be conducted this evening at the home of Mr. and Mrs. William E. Wallace in North Perkins street. The Fifth study in the Book of Job will be the subject for the meeting when the feature will be a special musical program.

**CALLED BY SON'S ILLNESS**

Telephone messages from the base hospital at Camp Taylor, Louisville, today summoned J. W. Gartin to the bedside of his son. Lieut. Walter Gartin whose condition, following a long illness of pneumonia, has become extremely grave during the past few hours. His heart, which has been greatly weakened during his illness, was the cause of the latest relapse.

**Now is the Time to be Careful.**

## Rheumatics No Longer Gloomy

They have used "Neutrone Prescription 99" and found it there with the punch that kills Rheumatism.

Only the skeptical now suffer. The victims of Rheumatism all tell the same story, they have sore, inflamed muscles and stiff joints, they have no ambition or strength and get nervous, cross and irritable, which is not to be wondered at. Thousands of old time Rheumatics are now in the best of health after using "Neutrone Prescription 99."

Its satisfied users are its best advertisers, pretty good advertisers, too.

No matter how little or how much you suffer go and get a bottle of "Neutrone Prescription 99". You will be surprised at the results. Those sore, inflamed joints and burning, aching muscles will disappear, and you will feel fine every hour of the day. Mail orders filled on \$1.00 size.

### NOTICE OF BOND SALE

Notice is hereby given by the undersigned, Treasurer of Rush county, Indiana, that up until two o'clock p. m. on

MONDAY, FEBRUARY 25, 1918, at the office of said treasurer in the court house at the city of Rushville, Indiana, he will receive sealed bids for the purchase of thirty-eight thousand eight hundred dollars (\$38,800.00) Road Bonds, said bonds to be forty in number dated February 15, 1918; each bond for the principal sum of nine hundred seventy dollars each (\$970.00) bearing interest at the rate of four and one-half (4½) per cent per annum payable semi-annually on the 15th day of May and November of each year. The first two bonds will be due and payable May 15, 1919, and two bonds each six months thereafter until all said bonds have been paid; said bonds have been ordered issued for the construction of the highway petitioned for by John G. Beale, et al. of Rushville township, Rush county, Indiana, and will be sold to the highest bidder for not less than par and accrued interest.

This right is reserved to reject any and all bids.  
JOHN O. WILLIAMS,  
Treasurer Rush Co., Ind.

### Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of Peter Maury, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 8th day of March, 1918, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.  
Witness, the Clerk of said Court, this 12th day of February, 1918.

### The Fate of The Farm

Of all the deep questions involved in the conflict now raging, the question of most vital interest to the people of the entire world is, "What of the American farms this year?"

Possibly, too, no other fact assumes such positive form as that the farms and farmers of America must win the war if it is to be won a question that can admit of no discussion.

But farms can not be operated without man power.

And man power is the one thing American farms lack.

Then what is the answer?

Man power MUST be supplied.

Easy enough to assert, but far more difficult to accomplish.

For years now the farms of this country have been gradually depleted of the lusty young blood that should have stayed to enrich them. The army has added the cap-sheaf by taking hundreds of thousands more.

It is plain to a blind man that the places of these young men must be filled if our farms are to be operated at their full capacity this year. But there are no available sources of supply. Farmers offered unheard of wages just to get help to gather the corn crop of last year, much of which is in danger of rotting in the fields in some parts of the country, and help is not to be had.

There can be but one answer—men must be drafted for the farms.

We are told by Secretary of Agriculture Wilson that the country is expected to produce an even greater crop of all staples this year than was produced last year. This demand, with the fact that the remainder of the army draft will be called in the spring, is liable to render the situation acute.

We confess our utter inability to see how the farms of the country are to be run successfully without the aid of those bred to the farm.

There are no more patriotic class of people in this country than our farmers, taken as a class. But even their patriotism can not accomplish the impossible.

We conservatives who have made light of Bolshevik doctrines will feel foolish if eventually we have to

## VINOL MAKES GOOD BLOOD

### Positive—Convincing Proof

Many so-called remedies for anemia are only so in name. Their makers are afraid to prove their claims by telling what their medicines contain.

The only way to be honest with the people is to let them know what they are paying for. Here is the Vinol formula. When the doctor knows what a medicine contains, it ceases to be a "patent" medicine.

It Cod Liver and Seal Fish Liver, Iron and Manganese, Potassium, Sodium, Calcium, Chlorine, Phosphorus, and Oxygen.

Any doctor will tell you that the ingredients of Vinol, as named above, will enrich the blood and banish anemia and create strength. When the blood is pure and rich and red, the body is strong and robust.

You can prove this at our expense. Send your money, will be returned if Vinol does not improve your health.

W. A. JACKSON & CO., Druggists, Rushville, Ind. The best drug store in Rushville, Ind. and the best place to buy Vinol.

## NEW NATIONAL CHAIRMAN IS VETERAN IN POLITICS

WILL HAYS

(By United Press.)

Indianapolis, Ind., Feb. 14.—Will Hays of Sullivan, Ind., who was unanimously elected republican national chairman at St. Louis yesterday afternoon, though comparatively young, is a veteran in Indiana politics. For many years he was Republican district chairman in the Second, making a remarkable record as an organizer and repeatedly bringing his party in a winner in the district.

In the days when young Will Hays was making a remarkable record as district chairman when he was getting his start in Sullivan county politics, he became known all over the state as a fair and square party man, as a harmonizer, as an adjuster of factional differences, acceptable to all elements as a leader with a general reputation for friendliness and middle-of-the-road republicanism.

Will Hays was always acceptable alike to the so-called Fairbanks forces, and to the so-called Beveridge element in his party. It was this availability, this friendly relationship with all groups in the party that made Will Hays the logical organizer for republicans in 1914 in Indiana. Mr. Hays previously had served not only as a district chairman and county leader but had acted as chief speakers' bureau for the republican state committee, and knew the organization game from the inside and out and back.

The 1914 campaign in Indiana though it did not land the office nevertheless was a remarkable political achievement. Under the driving, tireless, good-humored, intelligent system of all-embracing organization put in operation by Mr. Hays, the G. O. P. rose from third place in Indiana to second place and got in line for the victory which came in 1916. Will Hays was able to win over literally an army of progressives in 1914, increasing the republican vote in the state from 142,000 in 1912 to 226,000 in 1914, this showing being followed two years later by a notable victory on both national and state tickets.

Because Hays was able to put Indiana over for Hughes and the re-

publican state and congressional tickets at a time when the republican party was unable to win in the nation and at a time when leaders in other states were failing to make good for the republican party, there was immediate revival, last year of talks in favor of the Indiana republican state chairman for national head of his party. No other organizer appeared whose work or ability could be compared with the Hays record of achievement and constructive political effort.

As Will Hays demonstrated his untiring zeal and organizing ability in politics, so has he proved a marked capacity for organization, unification of elements, co-ordination of forces and harmonizing of groups in the work he now is in, the chairmanship of the Indiana state council of defense. John H. Higinbotham in charge of the central states for the council of national defense calls the Indiana defense council, as developed by Hays, the "model defense council" of the country. Back of all Hays' activities in politics in business or in the defense work, is his admittedly, unusual ability to surround himself with efficient and entirely loyal workers, coupled with his own genius for doing more hard work than any of his helpers, thus constantly stirring all to vigorous emulative efforts.

## WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do. For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast, each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furrowed brow, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance.

Disclaiming Auctioneer John W. Reed, Clerk

## CAMPAIGN ON OATS SMUT HAS BEGUN

Mr. Gillispie of Bureau of Plant Industry Arrives For Three Days Tour of County

### LAST MEETING ON SATURDAY

Treatment of Oats Smut Will be Demonstrated Before Several Audiences of Farmers

Mr. Gillispie of the bureau of the plant industry at Washington has arrived in this city and started on an intensive campaign with Marion F. Dietrick, county emergency demonstration agent, in a series of meetings over Rush county to give demonstrations on the most improved methods of treating oats for smut.

Three meetings are being held every day over the county during his stay here and the series will culminate in the meeting of farmers called for the sheriff's office at the court house on Saturday afternoon at one o'clock, when the practical demonstration will be augmented by a short talk on the subject of treating oats for smut. In addition to discussing the oats problem, the treatment of potatoes for blight and scab will be brought before the farmers and the most successful methods of battling these will be demonstrated.

## DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50

## TO LEAVE HERE SATURDAY

Income Tax Inspector to Be Transferred to Vevay

Harry P. Euler, income tax inspector, who has been at the postoffice since the first of last week aiding taxpayers in filling out their returns will leave this city on Saturday. It was thought that inasmuch as the time allowed for filing income tax returns had been extended from March 1 to April 1, Mr. Euler's time at the local office might be extended. He has received notice, however, to leave here Saturday and to begin duties at Vevay. Mr. Euler has been expecting a government man to aid him in the rush here but no one has arrived as yet.

stration will be augmented by a short talk on the subject of treating oats for smut. In addition to discussing the oats problem, the treatment of potatoes for blight and scab will be brought before the farmers and the most successful methods of battling these will be demonstrated.

At 10 o'clock this morning a meeting was held on the farm of Joseph Cotton of Walker township; this afternoon the government men and the local agent attended the meeting of farmers held in the court house; this evening at 7 o'clock a mass meeting will be held in Carthage; at 10 o'clock tomorrow morning a demonstration will be given at the elevator of Elmer Hutchinson in Arlington in connection with a sale there; one o'clock tomorrow afternoon, a meeting will be held in Blue Ridge township, Hancock county in connection with an institute.

Tomorrow evening at 7 o'clock in the Mays school, an immense crowd is expected when a farmer's club will be organized and the subject of oats and potatoes will be brought up before the farmers. Saturday morning at 10 o'clock a demonstration will be given on the Wilk-Redman farm south of the city. Farmers over the entire county are urged to take advantage of these opportunities offered by the government.

## Amusements

A novelty that is unique in its interest is the Paramount photoplay "Bab's Diary," from the famous story by Mary Roberts Rinehart which appeared in the Saturday Evening Post. Bab, the pretty boarding-school girl heroine tells of her experiences with a family which persists in treating her as a little girl and which she pretty thoroughly frightens by pretending to be engaged to someone they had never seen. The titles are taken from the original book and their charm lies in the droll spelling and naive charm of Bab's own script. This is probably the first time that the idea of filming a dairy, page by page, has been adopted. "Bab's Diary" starring Marguerite Clark, will be shown on Friday at the Princess theatre.

Tonight's program offers the production, "The Princess of Park Row," a delightful modern drama of today. Around the Princess is wound a thrilling love story.

"Her Sister's Rival," which the manager of the Gem theatre announces she will present next Monday is looked upon as the best of the Russian Art Films yet released.

In addition to having Miss Vera Colodnaya, described as the most beautiful ingenue-vampire ever seen on the screen, in the title role, "Her Sister's Rival" is said to be a powerful story with a thrill of real drama in every scene, a class of production that is extremely high and a speed in development that is unusual in foreign made pictures.

This evening's program includes, "The Yankee Way," a clever picture filled with patriotism in which George Walsh is starred. Tomorrow, "The Fighting Trail," will be featured.

Robert Humes, now stationed at Camp Taylor, Ky., has passed the examinations necessary to be admitted into the aviation service and is expecting to be transferred to Columbus, Ohio about Feb. 23.

At These Prices It Will Pay You to Buy Your Wants for the Next Season NOW.

Stop Lively! Corns Quit with "Gets-It"

The Great Corn-Loosener of the Age. Never Fails. Painless.

Watch my step! What's the use of going along "right side up" without "Gets-It"? even with corns, because I use "Gets-It" the painless, on-like-a-banana-peel corn remover. I tried other ways galore, until I was blue in the face and red in the toes. No more for me. Use "Gets-It". It never fails. Touch any corn or callus with two drops of "Gets-It", and "Gets-It" does the rest. It's a relief to be able to stop cutting corns, making them bleed, wrapping them up like packages and using sticky tape and salves. It removes any corn clear and clean, leaving the toe as smooth as your palm. You can wear those new shoes without pain, dance and be frisky on your feet. It's great to use "Gets-It". "Gets-It" is sold at all drug stores. You need pay no more than 25 cents a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mullin.

Indiana Grocers put their stamp of approval on the

Cash and Carry Plan

In Indianapolis

After hearing a stirring message brought from Herbert Hoover, national food administrator at Washington.

HELP WIN THE WAR

- Victory Bread big 10c loaf.....8c

WANTED—A man to buy feeding

## Notes On Activities Of Federated Clubs

In no other war in history have women been recognized except in hospital work. American women have before the man opportunity and responsibility without parallel. The Federated Women are so managed that every community in the Union can be reached quickly.

Mrs. John D. Sherman, Chairman of the Conservation Department says: "I strongly urge every club women who is identified with the State Federation to co-operate to the limit of her ability with the Woman's Committee of the Council of National Defense in her state when the opportunity offers, but not for one moment to neglect the work to which she stands committed in her own club of state federations."

The General Federation Civics Department requests that all club work for the following interests: 1. Promote community action to secure waste lot gardening. 2. Agitate the starting of an emergency savings account. 3. Subscribe for government bonds. 4. Train women for national emergencies in return for the privilege of citizenship. It is desired that this announcement reach every club in the Union.

At the meeting of the Woman's Franchise league Saturday, the speeches for and against suffrage, given before congress, will be read. Copies of all the addresses will be sent to the local women by Mrs. George K. Denton, wife of Congressman Denton. Mrs. Frederick Edbacher, the newly elected president of the organization, will preside.

May 15th has been set as the date for the federation of the sixth district. This year's federation will be held at Greenfield and the Greenfield club members are planning to make it a banner meeting. The dates for all of the state federations were announced recently by Mrs. John Edward Moore, state president.

Strenuous efforts are being made in Evansville to keep all children in school. The club women are working with the welfare work in the Council of Defense. Juvenile cases are closely followed and it is found that children who work in factories contribute most of the delinquent cases.

At the meeting of the Kokomo Bar Association held Tuesday evening, the wives of the barristers were represented on the program by Mrs. John Edward Moore. Her toast was the only one to receive a full report in the papers.

The Woman's club of Booneville meets at the Red Cross shop. While current events were discussed, the members made surgical dressings. The Russian revolution was reviewed by Mrs. A. J. Hopkins.

The Wednesday Culture club of Evansville is studying South American musicians and artists and the home life of the women. Red Cross sewing is continued during all meetings.

Former students of the University of Wisconsin have organized a club at Evansville to do welfare work especially in juvenile cases.

### ADDITIONAL SOCIETY

(Continued From Page 6)

Gings and Irvin Piper, son of Mr. and Mrs. E. J. Piper of Falmouth were married this morning by the Rev. Clyde S. Black at the Methodist parsonage here. Mr. and Mrs. Piper will reside on the Piper farm near Falmouth.

The members of the Psi Chi sorority will serve a lunch at the Graham school during the ten minute intermission period at noon tomorrow. The lunch will consist of sandwiches and ginger bread and the proceeds will go to the Red Cross fund.

Mrs. B. O. Simpson was hostess to the members of the Ladies Aid Society of the First Presbyterian church yesterday afternoon at her home, 433 North Main street. Work for the Red Cross was done after the regular business session.

## Grandpa Is Sixty-four Today

and in the best of health. Hale and hearty, with good, red blood, good appetite and good digestion. Grandpa's nerves are steady, too. He takes care of himself. He keeps himself fit. He sees to it that his nerves and blood are in good shape. When he finds that he is eating without relish, feeling a little depressed and cross, sleepy all day yet can not sleep at night, he begins his treatment of Bio-feren, the nerve and blood tonic. Bio-feren, a compound of Lecithin, Iron, Potassium and other valuable tonic elements in tablet form, is just exactly what the average tired business man, the average housekeeper needs at this season of the year. It tones the nerves and puts vigor and energy into the system. There is no mystery about Bio-feren. Every package shows just exactly the content. Ask your doctor about Bio-feren, or if you wish send us his name and we will forward him the complete literature. Give Bio-feren a fair trial. If it doesn't make good your money will be pleasantly returned to you. Interesting booklet will be mailed you on request. Large package \$1.00 at all good druggists or direct if your druggist don't handle it. The Sentinel Remedies Co., Cincinnati, Ohio.

## SUGAR WATER TIME HAS ALMOST COME

First indication of Spring Remind  
Farmers of Coming Industry,  
That of Tapping Trees

WILL ADD TO SUGAR SUPPLY

Food Administrator Urges Farmers  
to Tap Every Tree and to Make  
All Molasses Possible

With the partial thawing of the ground and other indications that spring is trying to put in her first appearance, Rush county farmers are making preparations to begin that homely industry—the making of maple syrup—which will be attempted on a scale heretofore unheard of among local farmers.

Men who have scores of trees to tap are under the impression that acquiring maple syrup will mean more work this year than usual due to the fact that the conditions for the procuring of the sap are not as favorable. Farmers state that during the entire winter the ground was too dry and that the constant thawing and freezing of the soil which accompanies a free flow of sap, was absent this winter.

Even at the expense of labor and time this year, however, farmers will tap all of their trees. There is an assurance that maple molasses will be extremely high and with a little more boiling, the sugar camp owners will be able to refine a very good grade of sugar, bearing a flavor which neither beet nor cane can lend.

Farmers have been urged by Food Administrator Barnard to tap every tree and to make as many gallons of molasses as possible. The making of the furnace and the collecting of a few kettle or pans is no large job, as most farmers already have all of these things. The giving of the necessary time to the collection of the sap and to the boiling is the great

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys  
if Bladder bothers you—Drink  
lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
